

WOOD/SERIES WS/PTO

PTO DRIVEN

These shredders can be attached to your tractor, allowing you to efficiently harness the machine's capabilities.

DOUBLE INFEED ROLLERS

Its two feed rollers ensure consistent feeding of material directly into the cutting disc.

MOUNTED ON 270° TURRET

The PTOT versions of the shredders are mounted on a 270° swivel turret to adapt to the most complex job sites.

The TS industrie range of wood chipper is available in PTO versions. Combining TS technologies, these chippers feature two pivoting infeed rollers leading to a TS 'Cutting Disc' cutting wheel, a foldable hopper, and quick access to maintenance points. The PTOT versions of the WS/20 and WS/23 are equipped with 270° swivel turrets to configure your job sites according to your requirements.
